### Programme:

- Opening address including details on the IPS strategy: Tracey Cooper
- Using Root Cause Analysis (RCA): Judy Potter
- Results of the Point Prevalence Survey 2011 in Wales: Dr Eleri Davies
- Acinetobacter at UHW: Speaker TBC
- Pseudomonas in taps (the Gwent experience): Dr Neil Carbarns
- Lessons from the vomit bowl - surviving and learning from a major outbreak of Norovirus: Tracey Cooper
- *E. coli* O157 in a South Wales kebab house: Gemma Northey
- Discovering NDM1 and implications for infection prevention and control: Professor Timothy Walsh
- Antimicrobial Stewardship in ABMU Health Board: Siân Davies
- Catheter association urinary tract infection (CAUTI): Julie Coslett

### Aims for the meeting

The conference will have two themes. The first will focus on significant incidents that have occurred across Wales and the lessons that can be learnt from them. The second is on emerging antimicrobial resistance and management. This one day conference represents an important educational activity for the Welsh Branch in an area of current strong clinical and commercial interest.
